2.5 T sculpture, Corniche, Abu Dhabi.

## Transportation.

We manage the transportation of fine art within the U.A.E. and abroad thanks to our network of professional partners and correspondents. We also deal with all the administrative formalities and customs duties.

Transportation, Maritime Museum, Sharjah.

## Disinfestation

**IPAC** provides a unique process of disinfestation

Louvre Museum, Paris, France.

for all kinds of art objects. which allows the protection, conservation and storage under modified atmosphere. The object is placed into a flexible bag, which can be opaque or transparent, in which we inject an inert and neutral gas.

Opaque and Transparent Bags

The Duration of the treatment is less than three weeks after which the bag can be opened. If the object is not needed immediately, bag can remain sealed to preserve the art object in ideal conditions for a period of up to 5 years.

During this period, the bag preserves the art object with the appropriate rate of Humidity against:

- Insects,
- Dust,
- Water damage,
- Bird Faeces,
- Ozone, U.V...

Kiswa, Tapestry covering the Ka'aba

**IPAC** has been adopted by prestigious galleries and museums in Europe and in the Middle East.
